Film Tourism describes the effects that cinema can have on our travel decisions as they inspire people to experience the screened places first hand. Not only is cinematic tourism an excellent vehicle for destination marketing, it also presents new product development opportunities, such as location tours, film museums, exhibitions and the theming of existing tourist attractions with a film connection.

Several destinations have gained in terms of tourist influx by being the location of popular domestic and international cinema. In addition to the exposure provided through such films, there are many ancillary gains to the destination like income generation, investment, job creation, which contribute to the overall economic development of the respective destination.

With a focus to promote Film Tourism across the world, PHD Chamber of Commerce & Industry is organizing the 5th edition of Global Film Tourism Conclave in Mumbai, the heart of Bollywood. GFTC provides a unique platform for Film Commissions, Tourism Boards and Production Houses to promote their locations, incentives and services to the vibrant Indian film industry.
